

ANATOMIC PAD ANTI-BEDSORES FOAM MEMORY MEDUSA

MAIN SPECIFICATIONS

- The MEDUSA pad allows the correction of the cervical spine anatomy, leading to a relaxation of the neck muscles;
- Made of Memory Foam, adapts completely to the shape of your body and head, giving you an incredible feeling of lightness which translates into a very restful sleep;
- Its visco-elastic characteristics reduces the pressure on the skin, which keeps the blood circulation in good condition;
- The fabric used for the protective cover is velvet with the composition of 50% polyester and 50% Safesleep with silver wire that confers anti-fungal, anti-mite, anti-bacterial and anti-static characteristics;
- The fabric has a smooth texture with anti-fire characteristics, according to standard Bs7175, 1989, Crib;
- Fabric for easy washing.
- Models:
 - Medusa perforated; stretch: 60 x 35 x 15cm;
 - Medusa traditional XL: 60 x 40 x 15cm;
 - Medusa traditional XXL: 90 x 35 x 15cm;

- Medusa anatomic M: 50 x 33 x 10/8cm;
 - Medusa anatomic L: 50 x 33 x 12/10cm;
 - Medusa anatomic fluted: 50 x 35 x 11/9cm;
- Note: The MEDUSA pads are available with an inside cover, which facilitates removing the outer quilt to wash it.
