

MATTRESS ZEUS

MAIN SPECIFICATIONS

- Composed with a surface layer of 3cm in Memory Foam and 3cm in Climalatex and with a core of 15cm Latex;
- Memory foam: viscoelastic foam, extremely moldable and cozy, allowing a proven reducing pressure on the skin and blood vessels, contributing to better blood circulation. The viscoelasticity adapts fully to the body shape, providing a sense of lightness that translates into a very restful sleep;
- Climalatex: It is a very soft latex even more ventilated than traditional latex, facilitating blood circulation. It has a great capacity for ventilation, allowing the quick evaporation of the perspiration, always staying dry and humidity;
- Latex: Natural material. As with most products of natural origin, the latex is porous, allowing an excellent ventilation. It is a hypoallergenic product that naturally prevents the growth of bacteria, fungi and mites therein. It is a firm, elastic material which allows a correct support of the column. It is elastic and flexible, facilitating the blood circulation. It has a great longevity;
- It is a fully manufactured mattress, exclusively for its user, according to their physical characteristics. Mattress whose main component is the latex, very porous natural product that allows optimum ventilation;
- It has a comfort surface Climalatex or Memory Foam;
- It is built from 5 to 10 zones of variable sizes and densities, according to the user;
- Mattress allowing ergonomically correct posture;

- Outer layer:
 - Cover made with luxury materials with a composition of 20% Cotton, 15% Polyester, 65% Polyamide filling, hypoallergenic;
 - It can be washed to a maximum temperature of 60 ° C in delicate wash cycle;
 - It can also be dry-cleaned;
- Dimensions: 190x90x21cm;
- Notes:
 - References mention mattresses for single beds (up to 190 x 90 cm);
 - There is also for couples (up to 200 x 150 cm);
 - You can order mattresses made with different measures (by budget).
